

GOWRI AJITH

Thiruvananthapuram, Kerala, India

+91 8078541787 [Gmail](#) [LinkedIn](#) [GitHub](#)

Education

Vellore Institute of Technology, Chennai

Bachelor of Technology in Computer Science and Engineering

Aug. 2023 – May 2027

CGPA : 8.46 (Till 3rd Sem)

St. Antony Public School, Kanjirappally, Kerala

Higher Secondary

Mar. 2021 – Mar. 2023

MGM Central Public School, Thiruvananthapuram, Kerala

Elementary & High School

Mar. 2011 – Mar. 2021

Relevant Coursework

- Data Structures
- Algorithms Analysis
- Web Programming
- Computer Networks
- Automata Theory
- Cloud Computing
- Computer Architecture

Projects

Emotion Detection System using NLP and Flask | *Python*

January 2025

- Developed an Emotion Detection System using Flask to analyze and classify emotions from text input.
- Implemented a REST API endpoint that processes user input and returns emotion scores along with the dominant emotion.
- Designed and executed unit tests using unittest to ensure accurate emotion classification.

ItinerEase - AI Travel Planner | *HTML, CSS, Javascript, Figma*

September 2024

- Designed intuitive and user-centered interfaces for Itinerease, ensuring a seamless and engaging user experience tailored for an AI-powered travel planner.
- Developed the frontend of the platform, implementing responsive and visually appealing designs using modern web development frameworks and tools.
- Created a chatbot-based design interface, enhancing user interaction by providing an intuitive and conversational approach to travel planning.

Automated Obstacle Avoidance Robot | *Arduino*

December 2023

- Developed a self-navigating robot using Arduino UNO, ultrasonic sensor, servo motor, and DC motors.
- Implemented real-time obstacle detection and avoidance logic with a motor driver shield for smooth movement.
- Designed an efficient power system using a Li-ion battery, ensuring continuous and autonomous operation.

Technical Skills

Languages: Python, Java, C, C++, HTML/CSS, JavaScript, SQL

Developer Tools: VS Code, Docker

Technologies/Frameworks: Flask, Figma, Kali Linux

Leadership / Extracurricular

Artificial Intelligence Club

Technical Team

January 2025 – Present

VIT Chennai

Malayalam Literary Assosiation

Executive Committee - Design Team

September 2024 – Present

VIT Chennai

Achievements

- Runners-up in EMPOWERTech Ideathon 2024 conducted in connection with Annual Technical Fest 2023 (TechnoVIT '23)
