Summary

BTech student in Electronics and Communication Engineering (ECE) with a strong passion for technology and innovation. Demonstrated ability to develop solutions that push technological boundaries. Committed to contributing skills to cutting-edge projects and advancements within the field.

Education

BTech VIT University - Chennai, Electronics and Communication Aug 2023 – May 2027

- CGPA: 8.93/10
- **Coursework:** Analog and Digital Communication, Digital Logic Design, Signals and Systems, VLSI, Control systems, Microprocessors and Micro-controllers

Skills

- Digital and Analog Circuit Design
- Problem solving
- Time Management
- Team Collaboration
- Event Planning and Execution

Projects

Smart Stride 2024

- Developed a walking cane capable of detecting obstacles and calculating their distance using ultrasonic signals, providing real-time feedback for safe navigation.
- Tools used: Arduino IDE, Embedded C

Burglar Alarm System in a Smart Home 2023

- Developed a burglar alarm system that security checks the house by detecting motion.
- Tools used: C, Arduino

Experience

Clubs and Activities:

- IEEE Robotics and Automation Society - Operations department
- Thanima (Malayalam Literary Association) - Executive Committee
 - Vibrance'25 - Events head

Led the planning and execution of multiple events, coordinated logistics, managed on-ground operations, and supervised volunteer teams.

Technologies

Languages: C, C++, Verilog HDL, Java, R, Python, Matlab
